Dressing up is a lost art in a world that dresses down, but like that one timeless outfit in your closet, this light lotion is the key to stylish hair. You won't see it or feel it, but it controls and gives lots of body (with or without a blow-dryer) and just enough texture to pin hair up when you want to go all out

HOW TO USE DRESSED UP

Work evenly through damp hair.

Style with a blow-dryer and brush, or set hair and let dry naturally.
